anaplan ENABLEMENT

Anaplan Enablement courses

Start your enablement journey with Anaplan's Learning Center. Courses include 101: Foundations, 102: Introduction to Model Building, and Advanced training.

Anaplan offers training in multiple formats including:

On demand

- View a set of short video segments to guide you through hands-on activities.
- Build a sample model.
- Test your knowledge with a final exam to earn Official Anaplanner status.
- No additional cost.

Classroom

- Virtual Instructor-Led: Three-day virtual instructor-led classes are conducted monthly via GoToMeeting.
- For pricing, contact enablement@anaplan.com.
- Classroom Instructor-Led: These in-person classes are conducted on-site at our offices in San Francisco and Minneapolis. Classroom instructor-led classes are held monthly to provide the opportunity to complete Introduction to Model Building and/or Advanced training in one week.
    - Introduction to Model Building $2,500
    - Advanced $2,000
    - Introduction to Model Building & Advanced $4,000

Private

- Held on-site at your location or virtually.
- Range from 2- 5 days.
- Led by an Anaplan Enablement Consultant and/or Solutions Consultant.
- For pricing, contact enablement@anaplan.com.
